

## Back to School Orange County

“Christians coming together to bless the children of Orange County”

Dear Community Member:

May 16, 2018

It is no secret that there are many families in our community that need help. The children in our schools are no different. This is the reason for the last three years churches of all different denominations have joined forces with local businesses, organizations, and local area school districts along with Orange Christian Services to host Back to School Orange County.

The event has allowed us to provide school supplies, free haircuts, immunizations, eye screening in addition to families discovering the resources that are available in our community. Back to School Orange County will be held on Saturday, August 4<sup>th</sup> from 9am-12noon at the Lamar State College Orange Student center. The event is recognition of the end of summer and a celebration of a brand new school year. Starting the school year off with a positive attitude enhances a child's ability to succeed. By working together we can ensure that no child leaves empty handed from Back to School Orange County and no child in Orange County arrives at school without the supplies necessary to succeed.

Each child's school supply kit costs \$15. We anticipate that we need 1000 kits this year. We could use your help to make this happen. Can we count on your financial support?

We have many different opportunities for you to participate in this endeavor in addition to the financial support. There will be a couple PR events during the month of June where we will host link sales and promote Back to School Orange County. In addition, there will be other opportunities at the Back to School Orange County event to sponsor a booth or provide a service. If you are interested in being associated with an event that has the potential to change lives we would love to discuss your involvement in Back to School Orange County.

All donations are tax deductible. Checks need to be made out to Orange Christian Services with Back to School Orange County in the memo. For more information please check out our website.
